

THE NEW

RAYMOND RECORDER

No. 29

Vol. 1

Thursday, October 12, 1950

We Need Your Help

Send or bring in your own bits of news

Get your friends to subscribe to The Raymond Recorder

The Lions Clubs all over the country have been divided into ten groups according to the population of a community and each group is competing in a record contest. Points are given for membership attendance records, for attendance of executive officers to Zone Meetings, for promptness of the secretary in forwarding reports and many other factors. Raymond is classified in the third group. We started our Meetings late so will have to really get going to keep up in the general standing of the neighboring clubs.

CARNIVAL

CARNIVAL

The Raymond Lions Club Annual Carnival and Funfest will be coming up again in the latter part of November. This is the major project for raising funds for the Lions Club Community activities — also — the officers of the Athletic Association depend on this Carnival to supply them with the big share of their funds. Do you understand where your few dollars go? We would like you to remember that a Lions Club is a very effective body to carry on your community betterment projects that Church or Municipal Organizations do not feel free or obligated to provide. None of your money is used for executive or operative expenses. The dues and fees contributed by the individual Lion are sufficient to carry all their expenses and the labor is all provided free by the members of the Club. Consider a few of their recent projects.

1. The Fund for Winnipeg Relief. This was an extra job that we had not anticipated and each Lion contributed one dollar in addition to his receipted amount — these dollars were sent in to carry all expenses of handling. All of the other groups helping in this project did the same. Every dollar for which a receipt was issued went to the victims of the flood.

2. Blind Campaign. The same happened here — the Lions divided the district up and made house to house canvass. All funds collected have receipts to cover and the Association in Calgary check all Receipt Books and audit the account.

3. Eye Testing. Funds by money raised by our Carnival are used to have every child going to school tested for good vision. Glasses are purchased for those recommended and who are considered by our Sight Committee as needing help.

4. Playground. A good start has been made towards the Playground project as explained in a recent Recorder issue. Cement and other necessary items were supplied and it all takes a little money. The above are some of the projects carried on this year by the Lions Club.

There is another matter overlooked by many in these projects. Discerning people will observe that for each of the above activities, and many others, there is always thirty men giving time and service. General construction men usually consider that the cost of labor is about the same as that for materials. So you are getting double your money back in community betterment.

(Continued on page two)

Mr. and Mrs. Cyril Layne were very pleasantly surprised Saturday night when a number of Mrs. Layne's immediate relatives walked in bearing fried chicken and all the trimmings and many lovely gifts; the occasion being her birthday. A very gay and delightful evening was enjoyed by all.

Special Honor for M. T. King

At the opening meeting of the ATA Convention held in Lethbridge on Tuesday Gerald Gibb was elected Eastern Councillor of the St. Mary's Division and W. Bates of Cardston was installed as President.

More than 400 teachers attended the general meeting on Tuesday afternoon with D. E. Pickard opening the session and Mayor Turcotte of Lethbridge giving the Address of Welcome. Guest speakers were Mr. Coutts of the U of A who dealt with the subject of reading material for children in a talk entitled "Snakes and Ladders" and Dr. C. A. Selke of the University of Montana who gave an inspirational talk on "The Philosophy of Education".

Tuesday night at the banquet held in the Marquis Hotel a delightful program was heard and a presentation was made to M. T. King who attended the first ATA convention in Lethbridge and many more since.

Guests were introduced and Dr. Selke gave another very fine speech. Dancing completed the evening.

At the Wednesday morning meeting problems were discussed and in the afternoon Dr. Swift, Deputy Minister of Education for Alberta and Fire Chief Short of Lethbridge were the speakers.

The Convention was well attended and very successful.

Mrs. Bill Brewster from Macleod, who was a school girl chum of Mrs. Bill Attwood in Bethany, Manitoba, was a recent visitor at the Attwood home.

Ed Wiens of Sundre was a weekend visitor at the W. W. Rodeback home.

United Church Notes

A Special Thanksgiving Service was held in the United Church on Sunday with Rev. King of Cardston as guest speaker. The Church was decorated for the occasion and although the congregation was not as large as expected, those present thoroughly enjoyed a very interesting and enlightening sermon by Rev. King on the true meaning of Thanksgiving.

Baby Eleanor Susan, daughter of Mr. and Mrs. L. Laqua was christened at the service.

The Glee-ette Club met on Monday at the home of Mrs. Ruth Ackroyd to practice songs for the forthcoming concert planned for the latter part of November and to enjoy a tasty lunch served by the hostess.

Calling Shower For Mrs. W. Burrows

Mrs. Wilford Burrows, a recent bride, was guest of honor at a Calling Shower Friday evening at the home of Mrs. Elsie Mitchell, with Mrs. Fanny Litchfield as joint hostess. Many relatives and friends called to wish her happiness and present her with a gift. A very tasty lunch was served.

Hill Again Elected

The annual meeting of the Raymond Amateur Athletic Association was held in the Opera House Wednesday, October 4th. Last year's minutes and financial report was given by Secretary Dee Rolfson, with a discussion following.

Arledge Hill reported on last year's Senior Baske ball and our 1950-51 season, which sounds and looks like a New York Yankee year for our Raymond Union Jacks. We have no dark horse booked for our team as yet, but it sounds as though — yes the Jacks will be out for a Championship this year. First practice Monday night.

Ira Bourne gave a brief report on the Intermediate "Idler" team and we have hopes of having a good line up this year although very little interest has been shown and poor support given by the Idler players in the past. Manager Bert Powelson deserves a lot of credit for his efforts in the past two years with the Idlers winning the Provincial Championship two years ago and runners up last year. So if it's Idler ball this year it is up to you players. Bert and Ira can't do it all.

Last year was the start of a ladies town team which was entered in the Intermediate League, and having no other teams in this division, their games were all exhibition with the Highschool teams. There has not been much interest as yet to carry on a ladies team but if we have one lets play ball.

Last year the Hockey Team decided to sponsor themselves. Although we didn't have a representative at the meeting we do know the players were all in there working together to keep the hockey rolling along.

Raymond had very little Boxing activity last year, but it was decided to push it more this year. We hope to hold two Boxing Cards here this winter.

The officers elected for the 1950-51 season are: Arledge Hill as President, Max Heggie as Vice President and Dee Rolfson as Secretary. Coaches, Managers and Trainers will be appointed by the executive.

Mr. and Mrs. Tommy Allan, accompanied by Mr. and Mrs. R. Tolstrup and Mr. and Mrs. Ted Allan, motored to Great Falls to spend the Thanksgiving week-end.

A Wednesday Night club met at the home of Mrs. Mabel Veen for a social evening with Rook being played. High score went to Mrs. Gladys Gough and consolation to Mrs. Annie Larsen. A tasty lunch was served.

NOTICE

All lawn watering and use of hose is prohibited after October 15th.

It is necessary to conserve our winter's water supply.

Town Water Committee

FOR SALE

Offers are invited on the Redd Estate House, on part of Lots 1 and 2, Block 9, Plan Raymond 2039 I. Concrete Block construction, 2 stories and part basement, bathroom, recently resingled, immediate possession. For particulars see W. L. Jones, Secretary-Treasurer. Highest of any offer not necessarily accepted.

Town of Raymond
Raymond - Alberta

Mr. and Mrs. Wesley Bascom and young daughter Valerie have returned from California to visit Mrs. Bascom's parents, Mr. and Mrs. Leon Harker. Wesley is engaged in the plastering trade in Hollywood. They expect to return as soon as Shirley obtains her permanent Visa from Calgary.

Jesse Knight and Hollywood Star Here

Jesse Knight, accompanied by Ellen Drew and Kathryn Ray of Hollywood, California, recently spent four days here at the home of Mrs. Ray Knight.

Good works are becoming a habit in our town. We see that some portions of the gutter along Broadway have been cleaned; Stone's showroom has a new sign; Dahl Bros. are pouring a lot of concrete in front of their service station. Very likely there are many more things too — tell us about them, won't you?

"There's no place like home for fire."

Time to Make Plans

It has been brought to our attention that on August 11th. of next year Raymond will celebrate its Golden Anniversary. As the people who were responsible for Magrath's celebration last year can tell, it takes a long time to get things ready for an affair of this kind. One man said, "We started one year in advance and we should have started a year earlier than that." May we offer the suggestion that the Jubilee Committee get going so that the Fiftieth Birthday of our town can be celebrated in a grand style.

The Millard's Club met at the home of Mary Rasmussen Monday evening which was in the form of a Farewell Party for Dorothy Reid who is leaving shortly. She was presented with a lovely gift, a token of friendship of the members of the Club had enjoyed with her. The remainder of the evening was spent playing Rook with High Score going to Ruth Gibb and Low to Edna Harker. Special guests were Connie Grant, Edna Harker, Atha Peterson and Edna Baker. The evening was concluded with a very tasty lunch being served by the hostess.

Visitors at the Ralph Reed home for Thanksgiving were Mr. and Mrs. Art King and two daughters from Olds. While in town Mr. and Mrs. King called on many of their old friends for a brief "hello".

Hold Farewell For Missionaries

Sunday evening the M Men and Gleaners of the First Ward met at the Jack Evans home for a social evening in the form of a testimonial for some missionaries who will be leaving soon, Virginia Paxman and Allan Shaw who are going to New Zealand, Arlene Hudson who is going to the Western Canadian Mission and Gary Christian who has not, as yet, received his call.

The program was conducted by Mrs. Ruth Fromm and Wilard Paxman. Virginia played a piano solo, her sister Della sang a solo and Norma Dahl gave a reading.

A delicious lunch was served.

Mr. and Mrs. Elmo Christensen and family were Thanksgiving dinner guests at the Harry Bishop home in Spring Coulee.

Receives Promotion

Ralph Reed, who has been with the local Bank of Montreal for the past three years, has received word that he has been promoted to the position of manager of the B of M branch at Egerton. Ralph has been a very active member of our community and will be greatly missed. He will leave in about two weeks.

Last week was a time of draws and contests.

In conjunction with National Radio Week, Larsens Electric gave away a toaster that was won by Bill Rodeback Tuesday night, and a heating pad that was won by J. D. Attwood Thursday night.

The Mercantile, in connection with their Fall and Winter Parade of Values had a draw for an Insul-Paca Parka that was won by Mary Rodeback.

The World Series offered a time of pools and "Ye Ed" (hows that boys?) won a nice one on the first game — it was on the level too!

WANTED

"The Honest Man"

The honesty of a single person can do a lot of good for a whole town or country if it gets enough publicity and that is what the honesty of a Raymondite is getting down around the small town of Roberts, Idaho.

A while ago the operator of a Service Station there received an anonymous letter from here which stated, in effect, "I stopped for gas at your Station, you washed my windows good I drank your last bottle of pop and drove away without paying for it. Enclosed please find two nickles to pay for same."

This week that story was told to two parties from here and the Station operator is anxious to learn the name of "the honest man", so please, whoever you are, won't you come in and let us know your identity? If you do not wish us to publish your name you have our word for it that we won't, but we too would very much like to know the "honest man".

Capitol Theatre News

One of the screen's most brilliant performers is Ray Milland who hails originally from Wales. He has been given many diversified parts in various pictures and is versatile enough to portray them all admirably. His last picture was "Copper Canyon" and now he comes in a show that is well entertainment for the whole family, "It Happens Every Spring". It is full of surprises and happy situations and the attraction now playing at the Capitol.

If you enjoy drama and stunning spectacle be sure to see the great Technicolor smash hit, "The Palomino" which plays next Tuesday and Wednesday. It stars Jerome Courtland and Beverly Tyler and is filmed amid the beauties in "The Valley of Golden Horses".

"Union Station", playing next week-end is a terrific drama and stars Wm. Holden. More about this next week.

Mrs. Alta Fisher, who is Montana State Treasurer, was a recent visitor here at the Lee Brewerton home. While in Alberta she visited with many friends as well as her 86-year-old mother, Mrs. Whitehead, in Cardston.

ROTE SPOKES

Monday being observed as Thanksgiving Day, the local Rotes held no weekly meeting. We trust that they, one and all stuffed themselves with turkey at sixty cents a pound and duly gave thanks for all the blessings they enjoy in this free economy of ours. Because of this holiday there is not much to report in a Rotary way. We wish to remind one and all that at our next meeting Jim Meeks is going to continue his memoirs. Following this, as promised, we propose running them in this column.

A reader who runs a store in our town has asked us to emphasize the importance of deliberation in the conduct of our daily affairs.

"Young people seldom make progress," he says, "until they learn to control the temptation to indulge in hasty action. When told to do something, they start before they know just what they are supposed to do. They make costly blunders because they do not read the instructions carefully."

That haste makes waste is a chestnut, but as true today as ever. The eagerness to get at a job and finish it is laudable, but it pays to take time to do it right. A competent waiter gets his order correctly, assembles the proper utensils for its consumption, and surveys the layout carefully before he turns to another patron. A youngster, too impatient to do a thorough job, may have to be called back three times for salt, butter and a spoon.

One good reason for not worrying is that you feel like a fool when things turn out alright.

In the good old days when agriculture was the mainstay of prosperity, parents raised large families and never even heard of birth control. The idea was that the children would help operate the farm or family business. Some of the children might die from uncontrolled epidemics or unsuspected germs, but the parents generally profited from family cooperation and solidarity.

When the father retired he was supported not by a pension or dividends, but by two or three children who remained on the family estate. Widowed daughters or unmarried sons tended to live with their parents, rather than drift to the city. It was a patriarchal (or matriarchal) life.

The dramatic presentation of small-town theatres then featured plots about mortgages on the old homestead, family complications, and maidenly virtue, since these were the subjects of talk around hearth and crossroad stores. Visitors from the city were regarded as slickers and sinners. Country life was considered more healthful and virtuous than existence in tenements and factories. Recent statistics have shown the contrary, as have many realistic novels and plays, based on facts.

It is extremely difficult to make a thing simple. Clever young men find this to be their hardest lesson. Many never learn it. Often have I brought down the iconoclastic hammer upon well-intentioned efforts, exuberant

 Serving one of Canada's richest irrigated mixed farming districts.

On Wednesday afternoon the local Fire Brigade made a practice run out to the Provincial Hospital. Just five minutes after the alarm was phoned in the water wagon was on the scene. It took only three minutes to clear the 130-odd patients (and their treasures) from the building. This is Fire Prevention Week — do your utmost to prevent fires.

The Town Volunteer Fire Department under Fire Chief William Hague is emphasizing Fire Prevention Week by conducting special drills at the hospitals, industrial plants and at the schools; a special effort being made to make all children fire conscious. Drills were also conducted with the Boy Scouts.

An inspection was made of the business area and the Fire Chief asks the general public to inspect their own premises giving special notice to faulty and bare electric wiring, dirty chimneys, accumulation of waste and refuse (especially inflammable liquids) in basements, storerooms and kitchens.

Last Friday night Gordon Stone's marksmanship paid off for sixteen people who gathered at the Stone home for a delicious goose and chicken supper. As a lover of good food I can say, first hand, that it was delicious.

After a very plentiful repast games of several kinds were played, but when count up time rolled around the scores had not been kept quite accurately so no-one could officially claim the "top" and "bottom" prizes.

Great acting skill was displayed on several occasions but unfortunately no "scouts" were around.

To say the least — a good time was had by all.

Ross King and Leonard Christensen were business visitors in Calgary last weekend.

For Parents Only

By Nancy Cleaver

Your Child's Piano Practice

Many outstanding music teachers are agreed that the piano is an excellent choice of a musical instrument for a child. Harmony and melody can be made on the piano and before very long a student has the satisfaction of playing a tune by himself. It is an excellent foundation for learning to play other instruments later in life. There is a wide choice of music for advanced students to meet every taste or mood. Piano music can add greatly to enjoyment in the home without another musical instrument. At the same time an able pianist may encourage family participation in singing solos, duets or as a group and may be the centre around which a family orchestra is built.

In "Music for Your Child" William Krevit, an experienced teacher, makes some excellent practical suggestions to parents for success in the venture of their child learning to play the piano. Over and over again he stresses the importance of never forcing a child either to listen or participate in music. This pressure produces a spirit of rebellion which destroys the attitude necessary for real music. He suggests that a child of average musical ability should start piano lessons between eight and ten, because at that age he has sufficient co-ordination of mind, eye, ear and hand.

The piano itself should be as good as a piano as the family can afford and should be placed in the most pleasant place in the room, in a position where the lighting is good so that the notes can be read without eye strain — but it should not be beside a window where a child's interest will be constantly distracted by happenings he can see through the pane.

A child should have a regular period for practice which is not too long for sustained concentration. Twenty minutes to half an hour is long enough for most juniors. The practice period should not interfere with the regular play time. How can a mother expect Tommy to practice wholeheartedly if his pals are out enjoying a game of baseball? A child who is too tired cannot learn music (or anything else). Practising should never be used as a punishment. If it is, music will soon become not only a burden, but actually hated, by a child. Money bribes for practising for a certain length of time is not a good plan. But a natural reward for acquiring a certain degree of proficiency would be to attend a good concert.

Playing the piano, or any other instrument, develops habits of regular concentration, technical skill and the imagination. It is an emotional outlet. The ability to play far outstrips the enjoyment of passively listening to music. A boy or girl who plays well, should be given the opportunity to play occasionally for a visitor or guest, and to play at a concert. This plan promotes in a child a sense of accomplishment and adds greatly to the popularity of an adolescent or adult with a group.

The creation of music gives a great many people pleasure. Longfellow called it "The universal language of mankind." Music knows no barriers of race or speech — happy and fortunate is the child who has the opportunity to learn to play the piano, and who finds satisfaction and joy in this art!

The A. T. A. of the Raymond District sponsored a banquet Friday evening in the Club Room at the Opera House. Ted Hinman, the Inspector for the district, along with members of the School Board and partners were honored guests. Dean Rolfsen acted as Master of Ceremonies for the enjoyable program. Those taking part were: Miss Peggy Wilde, Miss Patricia Strong, Mrs. Irene Minnion, Grant Erickson and Dean Rolfsen, Cal Hill, Lyman Jacobs and Athol Cooper. A delicious chicken supper was served by the Fourth Ward Relief Society.

A number of children and their mothers were entertained Wednesday afternoon at the farm home of Mrs. R. Attwood in honor of Carol Lynne who celebrated her first birthday.

Visitors at the Harold McKean home over the long weekend were Mr. and Mrs. W. McKean of Vulcan.

Did you know that STONE'S sell Royal DeLuxe Portable Typewriters? See them at the Jewelry counter and while you are at Stone's Jewelry counter see the new costume jewelry they have on display.

Mr. and Mrs. Ross Larsen were visitors at the home of their daughter and her husband, Mr. and Mrs. A. W. Hill, of Camrose, last week.

CRISP GOLDEN

Rolls

Baked fresh every day

• A "must" for your menus — a happy choice for snack-time... wonderful, feather-light rolls. Choose crusty Dinner Rolls, tender Parker House Rolls, any kind you favor, and serve them with cool, creamy butter, or warmed, and the butter melting. Menu-planning is easy with help from our modern ovens. Let us help you make each meal more interesting!

Let your Baker be your Menu Maker!

Raymond Bake Shop

LIONS

(continued from page one)

If your careful thinking tells you that these projects are benefiting Raymond and district then come out to our carnival and shell out. Your contributions are carefully handled and will come back floating in with the tide two-fold. If the people of the district come out we can have a barrel of fun and make a big start on next year's activities. The prizes may not be very big but we figure that over half the take is paid right back in goods the same night.

Tenth Year Anniversary

The Raymond Lions Club will be ten years old in December. There are ten members who were on the list of original Charter Members and the local club is planning to honor these Lions as well as the District Governors — Past and Present.

... AND THAT'S HOW

we built the school

It's the biggest contract I ever went after, so I lost no time in getting over to my bank manager.

"George," I said, "I'll need some help to handle a job this size."

We went over the whole thing, discussed how much I would need. When I landed the contract he gave me a line of credit and I was able to go right ahead. Now the school's as good as built.

It is an everyday part of your local bank manager's job to provide short-term credit — so that payrolls can be met, material bought, goods produced and marketed.

SPONSORED BY YOUR BANK

Mr. and Mrs. Karl Wilde, Peggy and Marlene spent the Thanksgiving weekend in Great Falls.

Virginia and Clara Rolfsen spent the weekend in Calgary to visit little Kay Rolfsen who is in the hospital.

Len Gehring of the Treasury Branch staff has been transferred to Cardston.

The Book Lovers Score met at the home of Rojana Bingham Wednesday afternoon with Beth Galbraith, a special guest, very capably reviewing the highly amusing story of a student nurse called, "The Lamp Is Heavy". Mrs. Bingham's mother, Mrs. Jacobs of Cardston, and Mrs. Lyman Jacobs were also special guests. A very tasty lunch was served.

A. M. Robertson, Sec. of the B. C. Sugar Refining Co. and Director of Mr. Elmer Pohle in Medicine Hat on Sales, accompanied by H. Johnson, his assistant in the Sales Dept. and Wm. Bromley, Asst. Purchasing Agent for the B. C. company are here to attend the big "do" planned at Taber for 150 brokers and wholesalers who do business with C.S.F.

Miss Carole Larsen was a guest of Mr. Elmer Pohle in Medicine Hat on the Thanksgiving week-end.
 A Halloween Hat Dance will be held in the Opera House on October 28 so the big "do" planned at Taber for 150 brokers and wholesalers who do business with C.S.F. will be accepted at the door.

This week we are writing Mr. Thompson's ad so that we can tell you about our new "WARM MORNING HEATER"

We put this in our shop last Wednesday and since that time we have been plenty warm — an unusual thing for us.

The "Heater" has also endeared itself to us by the fact that there is little or no dirt or dust blown around every time the lid is opened.

It is almost uncanny how it can still be burning after being left completely alone for long periods of time.

Yes, take from us, you will make no mistake when you buy a "WARM MORNING HEATER"

Local Happenings

Mr. and Mrs. Alma Hancock, accompanied by J. D. Hall, were business visitors in Calgary this week. Mr. Hall drove his own car back.

Miss Devra Dawson, transferred from Brooks, is the new ledgerkeeper at the Treasury Branch.

Wilford Hague is a patient in the St. Michaels hospital in Lethbridge.

Ronald Christensen from Ogden, Utah, was a recent guest at the home of his parents, Mr. and Mrs. Ezra Christensen. He is employed as an accountant with the State Highway Commission in Utah and is doing a little hunting on his holidays.

Upon their return from attending Conference in Salt Lake City with Mr. and Mrs. Howard Melchin, Mr. and Mrs. Fin Terry of Calgary visited in town a short while and then returned to Calgary with Mr. and Mrs. Bill Melchin.

Sunday evening Mr. and Mrs. Cyril Layne entertained a number of their friends, with pleasant conversation and a delicious lunch being enjoyed by all.

A group of friends met at the home of Mr. and Mrs. Dean Rolfsen Saturday night for an evening of fun, and a pot luck lunch.

Dr. D. G. Roy and family were Thanksgiving dinner guests at the F. M. Palmer home.

Mr. and Mrs. I. B. Roberts recently returned from a very enjoyable 3-week tour down the west coast to California visiting relatives along the way, and home by way of Idaho where they visited at the home of their daughter Phyllis. They also visited their daughter Lucy who lives in Washington and Lillian who lives in California.

Mr. and Mrs. Doug. Allen were holiday visitors in town.
